EXPERIENCE & PROJECTS

CodeLab

Davis, CA

Project Manager | Dec 2021 - June 2022

- Coordinated team meetings and translated tasks from the frontend, backend, and design teams
- Managed and conducted a team of 6 student developers and 3 designers to build a mobile app
- Built the app called "Food-Off" using React.js, Node.js, and MongoDB with the sole purpose of removing choice paralysis when deciding what restaurants to eat at based on certain given information that they give users input onto the app

Head of Finance | Dec 2021 - June 2022

- Handled all finances and kept track of all monetary transactions for CodeLab
- Planned and saw through events and coordinated payments and communications with sponsors and fundraisers for them

Software Developer | Sept 2021 - Jan 2022

- Developed the front and back end with a team of designers and developers called "Schedule Map"
- Built an extension that works in tandem with UC Davis's schedule builder to aid students in figuring out where on campus their classes are from each other, as well as from school landmarks to help them manage their traveling time

AMITY Co.

Co-Founder, Designer | Sept 2020 - Jan 2021

- Designed several mock applications and websites needed for specific projects using HTML, CSS, Figma, and Adobe photoshop; also designed presentations, logos, and backdrops for projects that had to be presented
- Utilized Figma to create an app revolving around a temporary idea named "Indee"

Personal Website

- Self-taught HTML and CSS to put develop a functioning website/portfolio to store and display small design projects and resume works done in the past

WORK EXPERIENCE

Dr. Javier Dentistry

West Covina, CA

Intern | Jan - Sept 2018

- Aided the front desk and dentists with technical issues and problems that occurred
- Shadowed and helped Dr. Javier Vigliarolo and his assistants to learn more about how to treat patients

Dollar Shave Club

Davis, CA

Brand Ambassador | Jan - June 2021

- Promoted Dollar Shave Club brand and deals virtually and in-person to develop marketing strategies
- Reached out to college students to build a network and sell their packages and products
